Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.
¹ A + following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
³ A + following a block number indicates that the block number is repeated elsewhere in the block.

Where International, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest ranked of these boundaries.

1 A "—" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.

2 In 1990, the crew-of-vessels population of ships at sea was allocated to census tracts with a 50% split. As another shipyard on the 1990 maps locates a crew-of-vessel tract, these maps show a very small area symbolized as a census tract in the census tract number shown next to the area.

3 A "x" following a block number indicates that the block number is repeated elsewhere in the block.

When international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- ¹ A '+' following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- ² In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- ³ A '*' following a block number indicates that the block number is repeated elsewhere in the block.

FEATURES

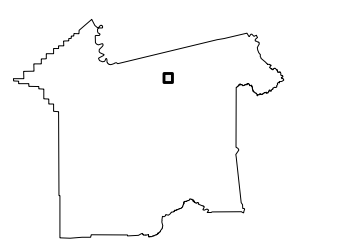

The following symbols are only the (guess)-thinking of these bioanalysts:

- A * following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps identifying a crews-of-vessel tract. These maps show a very small area sized as a census tract with the census tract number shown near the area.
- A * * following a block number indicates that the block number is repeated elsewhere in the block.
